Package Content

- 01 AZURE LED Light
- 02 AC/DC Adapter
- 03 Power Cord
- 04 Hexagon Key
- 05 User Manual

※ The AC / DC adapters used depending on the product type and may differ from the image.

Product Specifications

Type	ALLF-033D01	ALLF-044D01	ALLF-058D01
Lumen (lm)	2620	3500	4660
Color Temperature	5100K		
Wattage (W)	33	44	58
LEDs	63	84	112
Dimensions (mm)	L600×W129×H50	L900×W129×H50	L1200×W129×H50
Fits Aquarium (mm)	585-630	885-930	1185-1230
Weight (Kg)	1.07±0.1	1.36±0.1	1.65±0.1
CRI	Ra90		
Beam Angle	117°		
Operating Voltage	110-230 VAC / 50-60 Hz		
Waterproof	IPX4 (Near Water Surface) 、 IPX2 (Body Surface)		

Quick Installation Process

- 01 Sliding the adjustable brackets on the side of the fixture to match the length of your aquarium.

- 02 Tighten the twist lock series by supplied mounting tool.

- 03 Locate the adapter in a location that is not exposed to moisture. Keep dry! Connect the light fixture housing cord to the adapter cord.

- 04 Plug the adapter power cord into an AC outlet.

Basic Operation

- ⊙ One manual knob make it easy to stepless adjusts the light output.

- ⊙ The brackets offer up to 95° side to side rotation to convenient daily aquarium tank care.

⚠ Warning ⚠

READ ALL SAFETY INSTRUCTIONS BEFORE USE.

To avoid possible electric shock, special care should be taken since water is employed in the use of aquarium equipment.

- ⊙ The appliance should be mounted on a fish tank with a suitable drain or water interception mechanism.
- ⊙ Remove any protective covering film before using the appliance.
- ⊙ Use the supplied mounting tool to mount the appliance over aquarium.
- ⊙ Make sure an appliance mounted on a tank is securely installed before operating it.
- ⊙ Carefully examine the appliance after installation. It should not be plugged in if there is water on parts not intended to be wet.
- ⊙ For safety, the appliance must be properly connected to appropriate AC/DC adapter and receptacle.
- ⊙ DO NOT use an appliance for other than intended use. The use of attachments not recommended or sold by the appliance manufacturer may cause an unsafe condition.
- ⊙ If the appliance falls into the water, DO NOT reach for it! First unplug it and then retrieve it.
- ⊙ If electrical components of the appliance get wet, unplug the appliance immediately.
- ⊙ To avoid the possibility of the appliance plug or receptacle getting wet, position aquarium stand and tank to one side of a wall-mounted receptacle to prevent water from dripping onto the receptacle or plug. A “drip loop,” shown in the figure below, should be arranged by the user for each cord connecting an aquarium appliance to a receptacle. The “drip loop” is that part of the cord below the level of the receptacle, or the connector if an extension cord is used, to prevent water traveling along the cord and coming in contact with the receptacle. If the plug or receptacle does get wet, DO NOT unplug the cord. Disconnect the fuse or circuit breaker that supplies power to the appliance. Then, unplug and examine for presence of water in the receptacle.

- ⊙ DO NOT operate any appliance if it has a damaged cord or plug, or if it is malfunctioning or if it is dropped or damaged in any manner.
- ⊙ Always unplug an appliance from an outlet when not in use, before putting on or taking off parts, and before cleaning. Never yank cord to pull plug from outlet. Grasp the plug and pull to disconnect.
- ⊙ DO NOT pull or drag the cables which connected with the appliance and adapter.
- ⊙ Children are not allowed to operate or use the appliance without adult supervision.
- ⊙ If an extension cord is necessary, a cord with a proper rating should be used. A cord rated for less amperes or watts than the appliance rating may overheat. Care should be taken to arrange the cord so that it will not be tripped over or pulled.
- ⊙ The appliance can't be cleaned and maintained unless disconnect the power.
- ⊙ DO NOT place anything on top of the appliance.
- ⊙ DO NOT stare into the LEDs.
- ⊙ DO NOT install or store the appliance where it will be exposed to the weather or to temperatures below freezing.
- ⊙ This appliance is intended **FOR INDOOR USE ONLY.**

Every AZURE LED light has a serial number on it. If you need to have after sale service or technical support, you might need to show your S/N no. to your local retailers or distributors, as well as your purchasing evidence, like sales invoice or warranty card.

If the AC/DC adaptor is not working, please contact your retailers and ask for a new replacement with your appliance still in Warranty.

※ Please do not dispose this product as unsorted municipal waste.

LIMITED WARRANTY

The AZURE LED light is guaranteed for a period of **24** months from date of purchase for material or manufacturing defects.

The warranty is valid only when the warranty card is properly completed, and upon presentation of the proof of purchase consisting of original invoice or sales slip indicating the date of purchase, retailer's name, type and serial number of the product.

If the warranty card is not available, the AZURE LED light is guaranteed only for a period of **13** months from manufacture date.

If a defect is shown, this warranty is limited to the repair or replacement of the product at the discretion of the manufacturer. No cash refunds will be made. This warranty is provided solely to the original consumer purchaser of the product and may not be transferred or assigned.

This limited warranty does not cover any damage to this product that results from below specific conditions.

- ⊙ Malfunction of products results from improper installation accident, natural disaster, and artificial operation.
- ⊙ Un-authorized disassembly, repair or modification of the product or accessories.
- ⊙ Warranty card or identification information has been altered, obliterated or removed.
- ⊙ Serial number of product does not match or be damaged or not clear enough to identify.
- ⊙ Products have been sold not through authorized agent, direct distributors, and resellers as well.
- ⊙ Using any other thing than the specified consumables.
- ⊙ The warranty excludes normal depletion of consumable parts unless failure has occurred due to a defect in materials or workmanship.
- ⊙ Failure or damage caused during transport or fall after the purchase.
- ⊙ Failure and damage occurred after the warranty period.

Declaration of the Presence Condition of the Restricted Substances Marking

Equipment Name: LED Aquarium Lighting Fixture

Type designation (Type)	ALLF-033D01\ALLF-044D01\ALLF-058D01							
Restricted substances and its chemical symbols	Unit							
	Aluminum Housing	Lens Cover	Connector	PCB Board	LED	Cable	Screws	Driver
Lead (Pb)	○	○	○	○	○	○	○	○
